# BRUXELLES VILLE : NAISSANCES 1891 à 1900

Considérant que :

1/ Il n'existe pas de tables décennales constituées après 1890 !

2/ Pour les années 1891, 1892, 1893 et 1894 il y a une table par trimestre !

3/ pour l'année 1895 il y a une table pour le 1er et 2è trimestre et un index général pour toute l'année avec des contradictions entre les index,

4/ pour les années 1896, 1897, 1898, 1899 et 1900 il existe un index par année,

notre équipe (Robert DEBEER, Roger SULON et Clément VERDOY) a donc pris l'initiative de créer une table décennale sur Excel à partir des index existants.

Pendant cet encodage nous avons aussi vérifié si tous les numéros d'actes y figuraient, nous avons ainsi constaté et rectifié plus de 300 erreurs ou anomalies.

Voici donc une table décennale pratiquement exacte de **50.785** lignes.
